

# Little Badgers

## Summer Term

We have finished this half term with the focus being our Creative arts week and the children all enjoying making things to hang on our 'Tree of Life' and do other art work based on the style of the artist Gustav Klimt. The children also enjoyed talking about the things that are important to them, singing new songs and enjoyed video clips and songs relevant to the theme.

It has been a busy half term including Super Scientists days, when we enjoyed finding out about changing materials and textures and Maths days when we focused on capacity and measuring. On Let's get Physical day we enjoyed activities including ball skills, an obstacle course, hoop skills and running to name a few!

We are very happy that all of our new Little Badgers have started, after having to stagger our intake due to the current situation. The children have all settled very well and our older children have been amazing by helping to look after and be friends with our newest children.

Next half term our topic will be mini beasts and Growth, which we are very excited about!

In preparation for the warm summer weather (we hope!) could you please us with a named suncream/ lotion that can stay at nursery for the summer. If you could please apply suncream in the mornings we will apply it after lunch on the children's whole days at nursery. Thank you

Please could you provide an old pair of named, closed toe, velcro shoes/pumps that the children can have for garden wear instead of wellies on hot days. We need the footwear to stay at nursery and to be a different pair to their indoor shoes. Please provide Velcro for indoor and outdoor shoes as we teach the children to put their shoes on and off independently. Thank you.

We would like to thank you all for your continued support.

### Upcoming Dates

Monday 7<sup>th</sup> June  
INSET Day

Wednesday 9<sup>th</sup> June  
Circus Skills  
workshops (am & pm)

Thursday 10<sup>th</sup> June  
Individual photos  
(Ladybird parents  
please see separate
