

26th May 2021

Dear Nursery Parents

On Thursday 10th June the school photographer is coming to take class photographs of each class in the main school. Nursery will not be having a class photo as our children do not all attend Nursery on the same day. However, he is able to take individual photographs of the nursery children.

If your child normally attends nursery on a Thursday morning they will have their photograph taken (if you have given consent) and you can decide if you would like to purchase it at a later date.

If your child does not normally attend nursery on a Thursday morning but you would like their photograph taken, please make your booking (details below) and on the day bring them to nursery via the nursery gate (not the main school entrance). We will take the children in small groups to have their photograph taken and ask you to wait until they have finished.

To book, please log into our booking system below. If you have difficulty booking, please contact the school office.
