

# Frenchtastic Kidslingo Clubs

Fun French classes for children from Reception to Year 2

Learning a language when young is much easier and less intimidating. Our team of native speakers are dedicated to providing a fun, positive experience to language learning.

Our 45 minute clubs are a mix of games, role play, songs and stories that support your child's learning at school. Over 12,000 children in the UK enjoy learning with us, many of them in this area.

Languages are part of the curriculum in Junior school.

The classes give children a head start and a confidence which they will carry through to junior and secondary school.
