

November 2021

Dear families,

School and Nursery Fund Contribution

To develop and enrich your children's first hand experiences whilst at school, we request a one off contribution at the start of the academic year. This covers the costs of materials for practical activities including cookery, sewing, science, art and design technology. This also funds other larger in school events such as road safety workshops and a whole school pantomime or live nativity.

Last year this school fund paid for the following events and resources;

- Sandringham bears for all children during lockdown
- Smoothie bar as part of the healthy carnival
- Theatre workshops
- Resources for topics - Babies, Around the world, Space, Chinese New Year, Victorians
- Maths and phonics resources, super scientists day equipment
- Sensory circuits
- Drama resources
- World Book Day prizes
- Chicks and caterpillars in Early Years
- Easter egg raffle
- Christmas art resources, party treats and gifts from Father Christmas

Without this contribution we would not be able to include these wonderful experiences and activities for your children within the school year. We feel that this one-off request removes the need for us to do what many schools do and ask for small contributions throughout the year for events and resources. (This is with the exception of any trips which involve coach hire or charitable collections).

This year we are requesting a contribution of **£20** per child for Reception, Year 1, Year 2 and **£10** for Nursery children (due to attending half of the week).

This can be paid online through your School Cash Office account (Scopay). If you do not have an access code for this, please contact the school office to set one up.

Thank you for your support.

Yours sincerely

K Money
